SUMMARY

Ditty Bird wants to lead your baby through a fantastic journey. Simply flip each high-contrast image and press the sound button on each page to listen to real-life animal sounds: 'Moo', 'Baa', 'Hoo-Hoo' and much more.

GOOD TO KNOW: When babies are first born, their eyesight is not fully developed, and they have trouble distinguishing between colors. Black and white images, on the other hand, provide a clear, high contrast visual that is easy for babies to focus on and process. This can help to stimulate their developing brain and improve their ability to recognize patterns and shapes.

SOUNDS & SONG

6 Animal sounds include:

- Cow "MOO"
- Duck "QUACK"
- Owl "HOO-HOO"
- Elephant "TRUMPET"
- Penguin "HONK"
- Cat "MEOW"
