Aim of the game: Put together the largest number of families

Rules of the game : In this game, one family is made up of 4 characters (father, mother, son and daughter). Deal out 5 cards to each player. The rest makes up the pick. The youngest player begins. You play clockwise. The players arrange their cards per family.

If they can put together one family from the start, they lay it down in front of them.

The first player asks a player of his choice for one card of one family. He must have at least one card of this family.

If he gets this card, he can ask a player of his choice again for another card, and so on. If he does not get it, he picks up, and it is the next player's turn to ask for a card from the player of his choice.

Contains small parts which are a danger to small children.
