

## DJ08477 - CUBISSIMO

### Rules:

**Ages:** 7-99 years

**Number of players:** 1

**Contents:** 1 cube made of 7 wooden pieces, 30 challenge cards (3 levels of difficulty)

★ Easy

★ ★ Moderate

★ ★ ★ Difficult

**Object:** To rebuild the cube using all of the pieces.

**How to play:** Place the seven pieces of the cube on the table and stack the challenge cards in a pile next to the pieces.

Draw a card and arrange the pieces shown as indicated on the card.

Then try to arrange the remaining pieces to obtain a perfect cube.

For each challenge, there is only one possible solution!

*Solutions at the back of the booklet.*

Challenges by Alain Brobecker

---

### TEXT DOS

A game of patience. Seven wooden pieces to reconstruct a perfect cube and 30 challenge cards showing starting positions from which the cube must be built. This will get your brain ticking! Solutions provided.
