

# Introduction

*Write On – Wipe Off* books are engaging, versatile learning tools that can be enjoyed over and over again. The pages are highly durable and allow for easy erasing. These books work with all dry-erase markers and resist ghosting—the remnants of faint print marks. Fill each page and then just wipe away and start again! To ensure your child can use these pages many different times, make sure they erase their writing fairly quickly after the ink dries. Do not leave writing on the page for an indefinite amount of time, otherwise it may be hard to erase.

---

Getting children ready for academic success starts in the early years. Young children need lots of repetition and directions that are simply worded. The activities need to be enjoyable and visibly stimulating. This book's purpose is not only to promote children's development and learning, but to make that journey an enjoyable experience.

The book provides a great variety of practice working with letters, numbers, patterns, shapes, and more! The activities are enjoyable and visually appealing, and will help your child learn the skills they need for school and later in life.

Look through the pages with your child and review the different pages. Have them practice a few with you before going on to work on the book themselves. If they struggle, point out clues to help them discover how to complete the page on their own. The best part is that if they make a mistake, they can just wipe it away and try again!

Let's get started!

# Left to Right

**Directions:** Trace the gray dashed lines from left to right to match each animal to one of its favorite things.

# The Alphabet (A-E)

**Directions:** Trace the uppercase and lowercase letters. Print each one.

# Alphabet Dot-to-Dot

Directions: Connect the dots from A-Z to finish the picture.

**3** Mice

**4** Dolphins
