

Peepho dolls house

Print out these two pages, carefully cut along the dotted lines, then ask a grown up to cut away the windows on the dolls house using the thick black line as a cutter guide. Next stick your house onto a cereal box as we have below...

Here's one we made!

Trim the cereal box to fit. We used a small granola box here.

Top tip!
You could add photos of family and friends behind the windows too!
Or use the blank template to draw them too!
