

## Solitaire Games 2023

CODE	IMAGE	DESCRIPTION	Suitable Age	Type of Puzzle	Description	Skill
DJ8477		Djeco Cubissimo Sologic Game	7+ years	Spatial Knowledge	Cards give different starting points to complete the cube using the remaining tiles.	Uses three-dimensional spatial knowledge to solve the puzzle. Increasing levels of difficulty. Fine motor manipulation.
DJ8451		Djeco Polyssimo Sologic Game	7+ years	Spatial Knowledge	Cards give different starting points to complete the square using the remaining tiles.	Uses two-dimensional spatial knowledge to solve the puzzle. Increasing levels of difficulty. Fine motor manipulation
DJ8493		Djeco Polyssimo Challenge Sologic Game	7+ years	Spatial Knowledge, two player.	Not a solitaire puzzle but an extension of Polyssimo. Two player version, who can place all their pieces first?	Uses two-dimensional spatial knowledge to solve the puzzle. Increasing levels of difficulty. Fine motor manipulation, anticipation of opponents moves. Forward planning of moves with alternatives.
DJ8574		Djeco Aquarium Sologic Game	7+ years	Sliding logic Puzzle	Sliding puzzle style solitaire. Move the starfish and seahorses to let the fish go through.	Logic and reflection are used as well as memory and planning. Each piece has different movement rules. 30 different starting options. 3 increasing levels of difficulty.
DJ8488		Djeco Crazy Sudoku Sologic Game	8+ years	Sudoku	Sudoku style puzzle no more than one of each image on horizontal or vertical lines.	Logic, planning and a process of eliminations used to complete each square. 40 challenges with 4 levels of difficulty
DJ8570		Djeco Dungeon Sologic Game	8+ years	Logic / directions	Each challenge card gives a starting and finishing point and the numbered cards to use. Using these cards, the player must track their way through the dungeon	Logic, planning, forward thinking, memory and following instructions, using directions, perseverance.

DJ8578		Djeco Pentanimo Sologic Game	5+ years	Spatial knowledge	Pick a challenge card, place the pieces shown on the card onto the board, try to cover the black parts on the board with the remaining animals.	Two-dimensional spatial knowledge, logic, imagination, dexterity, and perseverance.
DJ8580		Djeco Space Sologic Game	7+ years	Sudoku	Follow the directions on the card to fill the grid with the correct tokens	Logic, following instructions, patience. Increasing levels of difficulty – 40 challenge cards.
DJ8576		Djeco Cubologic 16 Sologic Game	8+ years	Observation	Rotate the cubes to correctly match the design on the challenge card. 16 cubes to manipulate, an extension from Cubologic 9. (DJ8581)	Observation, patterning, manipulation, memory, and perseverance
DJ8590		Djeco Archilogic Sologic Game	5+ years	Logic / Simple	Use the skyscrapers to make a city skyline on each challenge card – but don't block the faces.	Observation, logic, spatial knowledge, perseverance. Good simple junior solitaire. Increasing level of difficulty – 50 challenges
DJ8581		Djeco Cubologic 9 Sologic Game	6+ years	Observation	Rotate the cubes to correctly match the design on the challenge card. 9 cubes to manipulate	Observation, patterning, manipulation, memory, and perseverance
DJ8540		Djeco Finish Sologic Game	6+ years	Logic / deduction	Use the clues given on the challenge card to discover the order the characters finish the race.	Very similar concept to the "Logic Grid" puzzles. Deduction, reasoning and using the process of elimination are all required to solve these puzzles. Also understanding, remembering, and following symbols on the cards.
DJ8586		Djeco Hotelologic Sologic Game	7+ years	Logic / deduction / direction	Challenge cards provide the requirements of each guest, place the guests in the cube so that they are in the correct rooms.	Very similar concept to the "Logic Grid" puzzles. Deduction, reasoning and using the process of elimination are all required to solve these puzzles. Also understanding, remembering, and following symbols on the cards.
DJ8520		Djeco Logic Garden Sologic Game	6+ years	Spatial / logic	Challenge cards give a starting point (similar to Polyssimo) The additional requirement of only one of any fruit or vegetable in each shape introduces a sudoku element but not in straight lines.	Logic, reasoning, observation, spatial manipulation. Very cool, great extended thinking processes needed in finding solutions.
DJ8532		Djeco Pyramid Sologic Game	7+ years	Spatial / logic	Matching shapes and symbols using a challenge card. Triangle is great for spatial manipulation outside of the usual square.	Uses two-dimensional spatial knowledge and logic to solve the puzzles. Increasing levels of difficulty.
